Guided City Walk – Welcome to Lublin

16 October 2026 | Start: 16:00 | Lublin

We warmly invite international academics, university guests, their families to join us for a **Guided City Walk in Lublin**.

The event is an opportunity to discover Lublin from a different perspective — not only through its history, but above all through the **cultural institutions, creative spaces and places that shape the city's vibrant cultural life**.

During the walk, we will visit selected cultural venues and introduce participants to places where culture, education and community come together. It will be a relaxed opportunity to learn more about Lublin, discover new places and connect with members of the international academic community.
